Command Order	Target	Description
Tenacity!	3	The unit may re-roll a single failed to hit roll in Combat this Turn. It cannot be used to re-roll a dice for an attack that has the Blast special rule.
Tactical Retreat!	4	If the unit performs a Back! order, it may move up to its Sp value, but may not make any pivots. This order may not be issued to a unit carrying a Loot Counter.
Nimble Feet	5	Units with the Muster Trait only. The unit cannot be issued a Charge! order this Turn, but gains +n Sp, where n is the number of successful dice rolled to issue this order.
Camouflage	4	Infantry units only. The unit gains the Stealthy special rule.
Bear Traps	5	Units with the Muster Trait only. The target unit must have received or be given a Halt! order this Turn and cannot already be Engaged. Until its next Turn, enemy units charging this unit each suffer D6 damage after making contact and moved to their final position. Damage taken this way does not trigger a Nerve test.
Running Repair	5	TinkerTech units only. For each successful result on the dice rolled to issue this order, the unit removes one damage it previously suffered.
Butcher's Block	5	Units with the Pride of the Shires Traits only. The unit gains the Slayer (n+2) special rule, where n is equal to the number of successful dice rolled to issue this order.
Ej Stomping Juice	4	Units with the Muster Trait only. The unit gains the Wild Charge (+n) special rule, where n is the number of successful dice rolled to issue this order. This Command Order can only be issued by units with the Gastromancy Trait
Ferocious Fuel	4	The unit gains the Brutal (n) special rule, where n is the number of successful dice rolled to issue this order. This Command Order can only be issued by units with the Gastromancy Trait.
Shireberry Tonic	3	The unit gains the Lifeleech (+n) special rule, where n is the number of successful dice rolled to issue this order. This Command Order can only be issued by units with the Gastromancy Trait

Special Rule	Description
Big Shield	All attacks (Ranged and Combat) against the target unit's front facing treat its defence as 6+.
Blast (n)	For each of the unit's attacks that hit the target, the target suffers a number of hits equal to the number in brackets, rather than a single hit. For example, if a unit suffers a single hit from a Blast (D6+3) attack, it will suffer from four to nine hits rather than a single one. If a unit suffers four hits from a Blast (D3) attack, it will suffer from four to twelve hits rather than a single one. Once this is done, roll for damage as normal for all of the hits caused
Brutal (n)	When testing the Nerve of an enemy unit in Combat with one or more of your units with this rule, add the highest Brutal (n) value to the total rolled. If an enemy unit is subject to both the Brutal and Dread special rules, the attacking player must choose which to use. Both cannot be applied against the same unit at the same time.
Crushing Strength (n)	All hits caused by attacks from this unit in Combat have a (+n) modifier when rolling to damage. For example: when rolling to damage in Combat with an attack that has Crushing Strength (1), a roll of 4 would become a roll of 5.
Cutting Ej	When attacking with the Steamcannon, successful hits that roll a natural 6 have Blast (2).
Fly	When executing an order other than Withdraw!, the unit can move and pivot over anything (Blocking Terrain, enemy units, friendly units when charging, etc.), as long as the flying unit's entire Movement Order ends clear of any units or Blocking Terrain. The unit does not suffer Hindered charges for moving over Difficult Terrain or Obstacles, unless it starts or ends the move within or touching them.
Headstrong	If a unit with this rule begins its Turn Wavering, roll a die before declaring a Movement order (including Halt!) for this unit. On a 4+ it shrugs off the effects of Wavering – remove the Wavering status from the unit.
Height (n)	If a unit is a different height from the standard of its unit type (see chart on page 12), its height is the number given in this special rule as (n).
Individual	This rule is explained on page 42.
Inspiring	If this unit, or any friendly unit within 6" of this unit, suffers a Wavering or Rout result (including when attempting to Withdraw!), that Nerve test must be rerolled. The second result stands. Note that a unit may also have a qualifier for its Inspiring rule. In this case the unit will only Inspire itself and the unit(s) specified.
Iron Resolve (n)	If this unit is Steady as a result of a Nerve test, it regains (n) points of damage previously suffered to a maximum of

Master Cook	Mama Beta may issue 1 extra Gastronomy Command Order per Turn, and rolls 3 dice when attempting Gastronomy
Nimble	The unit can make a single extra pivot of up to 90 degrees around its centre-point while executing a Charge! order.
Pathfinder	The unit may move At The Double! through Difficult Terrain as though it were Open Terrain.
Piercing (n)	All hits caused by Ranged attacks from a unit or weapon with this special rule have a (+n) modifier when rolling to damage. For example: when rolling to damage with a Ranged attack that has Piercing (1), a roll of 4 would become a roll of 5.
Radiance of Life	In the Movement Phase, after this unit has completed its order, this unit (regardless of any qualifier) and all friendly units within 6" of this unit remove one point of damage previously suffered. Units can only be affected by a single source of Radiance of Life per Turn.
Regeneration (n)	Once per Turn, immediately before resolving the unit's Movement order, roll a number of dice equal to the amount of damage currently on the unit. For every result of (n) or higher, the unit recovers one point of damage previously suffered.
Rolling Thunder	When this unit charges, it has a number of additional attacks (n) equal to the amount rolled for its Wild Charge (D3+2).
Shattering (n)	If a unit is damaged by the ranged attacks of one or more units with this rule, add (n) to the subsequent Nerve test at the end of the Ranged Phase. If an enemy unit is subject to both the Shattering and Dread special rules, the attacking player must choose to use either the Shattering or the Dread modifiers. Both cannot be applied against the same unit.
Spellward	All spells, both friendly and enemy, targeting this unit suffer a -1 to hit modifier. Note that rolls of natural unmodified 6s still always hit.
Strider	This unit's Charge is not Hindered when charging through, or ending its Charge on, Difficult Terrain or Obstacles.
Thunderous Charge (n)	If the unit has made a Charge! into Combat this Turn, all hits inflicted in Combat by this unit have a (+n) modifier when rolling to damage. This bonus is in addition to the unit's Crushing Strength (if any). However, the unit loses this bonus when Hindered.
Wild Charge (n)	Units with this special rule add (n) to their charge range. This is added after Sp is doubled. For example, a unit with a Sp stat of 4 and Wild Charge (2) can Charge units up to 10" away. In some instances, the (n) value may be a variable die roll (e.g. Wild Charge (D3)). In these cases, roll a separate D3 for the unit after issuing a Charge order to it. If the number rolled means that the target unit is not in range to complete the charge, your unit must be given a different order, but cannot select an alternative unit to Charge!
Yielding	Both friendly and enemy units can always choose to ignore this unit, just as if it was not there, when moving and shooting (even if Engaged with it). They must however still end their Movement Order clear of this unit. It is assumed that the Yielding unit moves aside and lets the enemy pass by before returning to its position. If your unit(s) Routs a Yielding unit and chooses to move Forward!, and this random movement would bring them into contact with another enemy unit, treat this as a successful Charge against the facing that your unit(s) started its Forward! move in (if possible, otherwise against the facing contacted). If the Forward! move took your unit(s) over an Obstacle or through Difficult Terrain, then it will be Hindered in the ensuing Combat as normal.
